Kauhava – a city of good people

The city of Kauhava is known for the plains that extend far into the horizon, its independent spirit, its entrepreneurs, the volunteers it sent to fight for Finnish independence – and the PowerPark amusement park. But did you know that we have appeared in dozens of movies, TV series and documentaries, and that you can visit the locations where the filming took place?

And, would you have guessed that Kauhava is where you can stay in a Tyrolese cabin or organise parties in a Lapland landscape on the shore of a DIY wilderness lake? All this is waiting for you. Come and join us and let Kauhava surprise you.

A city of entrepreneurs

The city of Kauhava is famous for its entrepreneurs, for its independent spirits, for the volunteers it sent to the struggle for Finnish independence, for its agriculture and industries, for the sheer number of summer events, and for the increasing variety of tourism services.

Kauhava has been home to Antti Tuuri, a writer known for his interpretation of the local scenery and culture, and the actor Kalevi Haapoja, who simply radiates the qualities of our region of Ostrobothnia. Kauhava has also often appeared on the big and little screens, with dozens of movies, movie scenes, TV series and documentaries having been filmed in Kauhava and its surroundings.

The city of Kauhava came into being on 1 January 2009 with the merger of four municipalities: Alahärmä, Kauhava, Korttesjärvi and Ylihärmä. With a population of 16,000 people, Kauhava is now the third largest municipality in Southern Ostrobothnia.

Kauhava has traditionally been able to offer a good range of jobs and our unemployment rate is the lowest in the district. An amazing 1500 businesses operate in Kauhava. When combined with the demand for workers from the public sector, the number of jobs on offer exceeds the size of the local workforce in Kauhava.

Kauhava is a developing commercial and administrative center in the northern part of Southern Ostrobothnia. It is home to an agro-technology business cluster and a significant wood products industry. The service industry has also grown significantly in recent years, particularly in the tourism industry thanks to PowerPark, Finland's fastest growing amusement park.

City of experience and major events

Kauhava offers sights and experiences for a wide variety of tastes.

A DIY wilderness lake, a go-kart track that meets the toughest international standards, a Finnish knife museum, the Härmäläiset Häjylyt local culture festival, Finland's first 5D movie theatre, Tyrolese cabins, and PowerPark's Booster ride and mind-blowing rollercoasters. You won't find anything like this range of experiences anywhere else. Come and fly above PowerPark!

PowerPark, the Spa Hotel Härmä and the multitude of public and cultural events draw hundreds of thousands of visitors to our city every year. Come along and see what everyone else has already discovered – we look forward to surprise you!

Funland PowerPark – 160 hectares of fun and adventure

PowerPark is a vacation destination that has repeatedly been named for the Finland's best center of leisure. The range of experiences include perhaps the Most unique amusement Park in Finland, one of the world's most beautiful go-kart tracks, the largest indoor go-kart track in Europe, a South European-style hotel, atmospheric cabins, a horse center (and its enchanting residents), Racetrack, first-class restaurants, a cozy camping area, a Wonderland, and an amazing 5D movie theatre. All this and more guarantees fun for the entire family and unforgettable experiences all year round.

Relax and enjoy yourself at the Spa Hotel Härmä

The Spa Hotel Härmä and the nearby Anssi Jussi Arena offer a variety of accommodation and dining services and special treats that make for unforgettable moments. The newly redesigned and renovated spa, the Spa Hotel Härmä shop: Ostrobothnian souvenirs and the Wellness center are the perfect place to spend a little time on yourself. And don't forget to tee up at the Härmä Golf Oy 12 hole golf course.

The call of the wilderness

The Kauhava region has four Natura protected wilderness areas: the Hirvijoki River forests, Lummukkakangas heath, Viitaneva-Storholmanneva wetlands and Paljakanneva-Åkantmossen wetlands. Lummukkakangas heath provides a home for wood grouse, three-toed woodpeckers, Ural owls, Siberian jays, European otters, and Siberian flying-squirrels. The Viitaneva-Storholmanneva wetlands bird population is noted for the diversity of its species and the number of mated pairs, including common cranes, European golden plovers, and wood sandpipers. Geese and swans spread out over the wetlands during migration season. The Paljakanneva-Åkantmossen wetlands offer sightings of hen harriers, black woodpeckers, loons, honey buzzards, and golden plovers.

Kirkkopakka

Kirkkopakka is a reddish formation of granite boulders left over from the last ice age. This site is in Alahärmä, Ekola and is a place of many old and mysterious tales. The history of Kirkkopakka is related to the birth of the Jaeger movement, which fought for Finnish independence.

A city of gourmet delights

The choice is yours: settle down to enjoy delicious Ostrobothnian smörgåsbord or grab a quick bite to eat on the way?

Kauhava entertains both small and big parties with either local delicacies or with international gourmet experiences. There are also a large variety of choices for the little ones in the family or for quick snacking. And after a busy day packed with experiences, there is always time for a break with some proper Finnish pastries. Bon appetit!

Movie town

Dozens of films, shorts and TV series have been filmed in various parts of Kauhava.

The films have chiefly covered the Ostrobothnian persona, the history of Finland, our independent and free spirit, and our entrepreneurial drive. The best-known TV series filmed in Kauhava are "Hyvien ihmisten kylä" (The Town of Good People) in the 1990s and "Taistelulentäjät" (Fighter Pilots) in 2010, which was filmed at the Finnish Training Air Wing.

The city has two digital movie theaters. The Y-Kino theatre in Kauhava presents live broadcasts of world-class opera and ballet productions from London's Covent Garden. The Magnum theatre in the PowerPark amusement park also shows 5D films.
